

TIME	Day 1 - Monday 23 June						
07:30	Registration opens						
08:00	Arrival tea/coffee, exhibition and poster viewing						
09:30	Introduction and welcome to Congress Andrew Sizer, UK President's address Ranee Thakar, UK						
10:15	Plenary 1 The new pyramid of pregnancy care Professor Kypros Nicolaides, UK						
10:45	Movement between rooms						
	STREAM 1 British Maternal & Fetal Medicine Society (BMFMS)	STREAM 2 Birth trauma	STREAM 3 British Menopause Society (BMS) - 'Hot Topics in menopause care'	STREAM 4 Heavy menstrual bleeding	STREAM 5 British Society for Paediatric and Adolescent Gynaecology (BritSPAG)	STREAM 6 Health inequalities	STREAM 7 Adherent placenta and LSCS management
11:00	The MOMEMENTA study Professor Katie Morris GLP1 agonists in pregnancy, breast feeding, diabetes, bariatric surgery Professor Tricia Tan , UK Parvovirus pandemic Speaker TBC Panel discussion / Q&A	Birth trauma – Breaking the taboo (title TBC) Speaker TBC Birth Trauma – The role of the specialist midwife in support (title TBC) Speaker TBC Consent communication and consensus model in vaginal birth (title TBC) Speaker TBC Panel discussion / Q&A	Androgen replacement in women: importance of a biopsychosocial approach Professor Rosella Nappi, Italy Menopause management after gynaecological cancers Professor Jen Sasarrini Nappi, UK NICE menopause Guideline 2024; key messages and practical implications Speaker TBC Panel discussion / Q&A	Prevalence and health burden of HMB world wide Professor Ally Murji, Canada Diagnostic pathway for HMB Professor Malcome Munro, USA Treatment options for HMB: An evidence-based update Professor Bassel H.AI Wattar, UK Panel discussion / Q&A	Mullerian anomalies, a MDT approach is optimal Dr Alla Vash Margita, USA Obesity and menstrual disturbances in teenagers Speaker TBC Effective management of hirsutism Speaker TBC Panel discussion / Q&A	Setting the scene on health inequalities in maternity/BJOG supplement launch Speaker TBC Learning and action network evaluation and findings Mrs Minara Chowdhury, UK Racism in the workforce Speaker TBC	Session details TBC
12:00	Lunch including exhibition, poster viewing, mini theatre poster presentations, sponsored mini theatre and sponsored symposiums						
14:00	Plenary lecture 2 Innovation (title TBC) Professor Tony Young, UK						
14:30	Movement between rooms						

	STREAM 8 Association of Early Pregnancy Units (AEPU)	STREAM 9 The path to healing	STREAM 10 VP - Global health	STREAM 11 British Association of Robotic Gynaecological Surgeons (BIARGS)	STREAM 12 British Society of Abortion Care Providers (BSACP)	STREAM 13 LGBTQ+	STREAM 14 Optimising feto-maternal wellbeing
14:45	<p>An holistic approach to miscarriage: aetiology, psychological impact, and novel care considerations Professor Tom Bourne, UK</p> <p>Caesarean scar and interstitial ectopic pregnancy: diagnostics and management Speaker TBC</p> <p>The power of 3D early pregnancy ultrasound Speaker TBC</p> <p>Panel discussion / Q&A</p>	<p>Being Open: Communicating Effectively with Patients and Families as an Adverse Event is Unfolding Speaker TBC</p> <p>Session details TBC</p> <p>Session details TBC</p> <p>Panel discussion / Q&A</p>	<p>Amplifying survivor voices and strengthening collective action to end FGM/C Speaker TBC</p> <p>Panel discussion Speakers TBC</p>	<p>Training next generation gynaecologist, changing the paradigm in the era of robotics and AI technology Speaker TBC</p> <p>How can we reduce gynaecology waiting list using robotic assisted surgery (Versius & Intutive) Dr Nidhi Shandil Singh</p> <p>Expanding access to robotic surgery in developing countries: "Transforming outcome in complex gynaecological surgery" Speaker TBC</p> <p>Panel discussion / Q&A</p>	<p>Canada's CART access project- an integrated national interdisciplinary approach to support practitioners to provide equitable abortion access Dr Wendy Norman, Canada</p> <p>Contraceptives: the next revolution in fertility control and why the UK risks being left behind Professor Sally Sheldon, UK</p> <p>Panel discussion / Q&A</p>	<p>Research on the acceptability of self swabbing for cancer screening in the LGBTQ community Dr Jen Davies, UK</p> <p>LGBTQ Menopause care Speaker TBC</p> <p>Panel discussion / Q&A</p>	<p>Optimal fetal weight discordance for timing of birth in twin pregnancy Speaker TBC</p> <p>Remote computerised fetal heart ECG heart rate monitoring: the next frontier Speaker TBC</p> <p>Retinal imaging in pregnancy: an eye on the future Dr Rosemary Townsend, UK</p> <p>Panel discussion / Q&A</p>
16:15	Afternoon coffee/tea break including exhibition, poster viewing, mini theatre poster presentations, sponsored mini theatre						
16:45	Oral abstract presentations						
17:30	Movement between rooms						
17:45	<p>Plenary lecture 3</p> <p>Uterine transplantation - A UK and international perspective Professor Richard Smith, UK & Miss Isabel Quiroga, UK</p>						
18:15	Wrap up of the day						
18:30	Welcome drinks reception (Exhibition hall)						

TIME	Day 2 - Tuesday 24 June						
07:30	Arrival tea/coffee including exhibition, poster viewing, mini theatre poster presentations						
07:30	Early riser sessions						
08:30	Plenary lecture 4 The horrible reality of obstetric fistula Speakers TBC						
09:15	Movement between rooms						
	STREAM 15 British Society for Gynaecological Endoscopy (BSGE) - Delivering key knowledge for improving	STREAM 16 British Fertility Society (BFS)	STREAM 17 Innovation	STREAM 18 Women's health strategy	STREAM 19 Doctors in training 1	STREAM 20 Intrapartum care	STREAM 21 Urogynaecology
09:30	Setting standards for the ultrasound diagnosis of endometriosis Speaker TBC Laparoscopic training - navigating different pathways Miss Lina Antoun, UK Implementing robotic surgery in benign gynaecology Speaker TBC Panel discussion / Q&A	Preimplantation genetic testing: back to the future Speaker TBC 'AI in IVF, hope or hype?' Speaker TBC 'The law, IVF and society' Speaker TBC Panel discussion / Q&A	Addressing the gender data gap Speaker TBC RCOG efforts to support innovation in women's health Speaker TBC Evidence-based Innovations in antenatal care Speaker TBC Panel discussion / Q&A	Keynote address covering the women's health strategy Speaker TBC Waiting for too long Speaker TBC Models for women's health hubs Speaker TBC Panel discussion / Q&A	Maximising opportunities during training: Insights on audit, research and collaboration Speaker TBC National Trainees Committee: updates, priorities and developments Speaker TBC Abortion training: the present and future Dr Rebecca McKay, UK & Dr Snigdha Veeramalla, UK Panel discussion / Q&A	The truth about caesarean rates Dr Jaydeep Tank The results of the Big Baby trial: pPreventing shoulder dystocia Professor Jason Gardosi, UK Early delivery for LGA effects on mother and baby Professor Siobhan Quenby, UK Role of ultrasound in labour Speaker TBC Panel discussion / Q&A	How to establish competency in training the trainers in OASIs? Mr Abdul Sultan, UK Is urodynamics waste of time? Future study Speaker TBC The role of patient decision aids in Obstetrics and Gynaecology Professor Swati Jha, UK Panel discussion / Q&A
11:00	Morning coffee/tea break including exhibition, poster viewing, mini theatre poster presentations, sponsored mini theatre						
11:30	Oral abstract presentations						
12:15	Lunch including exhibition, poster viewing, mini theatre poster presentations, sponsored mini theatre and sponsored symposiums						

14:15	Plenary lecture 5 When healthcare collapses Dr Deborah Harrington, UK						
15:00	Movement between rooms						
	STREAM 22 Maternity safety	STREAM 23 British Society for Study of Vulval Diseases (BSSVD)	STREAM 24 Meet the Officers	STREAM 25 Neurodiversity	STREAM 26 British Society for Gynaecological Imaging (BSGI)	STREAM 27 Genomics	STREAM 28 Sexual safety
15:15	<p>Why mothers die in childbirth - A global perspective Professor Andrew Weeks, UK</p> <p>Contributors to maternal deaths in the last 10 years in the UK Dr Shakila Thangaratinam, UK</p> <p>Escalating suspected fetal deterioration: why standardisation will not be a panacea Speaker TBC</p> <p>Restorative Approaches to Healthcare Harm Speaker TBC</p> <p>Panel discussion / Q&A</p>	<p>Chronic vulval pain Speaker TBC</p> <p>Vulval disease in people of colour Speaker TBC</p> <p>Vulval dermatoses: systemic treatments beyond corticosteroids Speaker TBC</p> <p>Panel discussion / Q&A</p>	<p>Meet the RCOG officers</p>	<p>Neurodevelopmental disorders - ability in disability Dr Saadia Arshad, UK</p> <p>'You are the first doctor who listened to me' ND cases in O&G Speaker TBC</p> <p>Trainee misunderstood – Experiences of being a Neurodivergent Obstetrician and Gynaecologist Miss Michèle O'Connor, UK</p> <p>Panel discussion / Q&A</p>	<p>Point of care ultrasound and advanced ultrasound imaging for everyday gynaecology Speaker TBC</p> <p>AI and its role in the future of gynaecological imaging Speaker TBC</p>	<p>Fetal Medicine: prenatal diagnostic testing for genetic disease when fetuses have a cardiac malformation - the current landscape Professor Sahar Mansour, UK</p> <p>Gynaecological Oncology: genomics testing for familial gynaecological malignancy: the NICE Guidance (NG241) Dr Neil Ryan, UK</p> <p>Reproductive Medicine: Genomics testing to define aetiology and treatment of early pregnancy loss Dr Rima Dhillon-Smith, UK</p> <p>Chronic disease affecting Women: genomics in women whose pregnancy has been complicated by pre-eclampsia: the aid in diagnosis and management of long term cardiovascular risk. Speaker TBC</p>	<p>What is being done in the UK and facilitating first disclosure Speaker TBC</p> <p>Sexual safety – an international perspective Speaker TBC</p>
16:45	Afternoon coffee/tea break including exhibition, poster viewing, mini theatre poster presentations, sponsored mini theatre						
17:15	Plenary lecture 6 Gynae debate - Female and male surgeons Professor Jan Deprest, UK and Donna Ghosh, UK						
18:00	Wrap up of the day						
19:30	Congress party - venue TBC						

TIME	Day 3 - Wednesday 25 June						
07:30	Arrival tea/coffee including exhibition, poster viewing, mini theatre poster presentations						
07:30	Early riser sessions						
08:30	Plenary lecture 7 Preterm birth: Understanding aetiology to enable individualised therapies Speaker TBC						
09:15	Movement between rooms						
	STREAM 29 New innovations in maternity medicine	STREAM 30 British Society for Colposcopy and Cervical Pathology (BSCCP)	STREAM 31 VP - Clinical quality	STREAM 32 British Society of Urogynaecology (BSUG)	STREAM 33 Women's Network: Women's health matters	STREAM 34 Sustainability & climate change	STREAM 35 Research
09:30	Biologic therapies for pregnant women with asthma Ms Hitasha Rupani, UK Personalised interventions to improve maternal and fetal outcomes in monogenic diabetes Dr Ali Chakera, UK Hyperemesis gravidarum: ethnicity, nutrient deficiency and fetal growth Dr Melanie Nana, UK Evidence-based management of autoimmune thyroid disease in pregnancy Professor Kristien Boelaert, UK Panel discussion / Q&A	The progresses and the challenges to cervical cancer elimination worldwide Dr Partha Basu, France The conservative management of CIN 2 - how safe is this in the long term? Professor Anne Hammer, Denmark HPV vaccination post-treatment - will this decrease recurrence - outcome of Novel trial Speaker TBC Panel discussion / Q&A	Avoiding brain injury at childbirth programme – collaboration and co-design to improve care Professor Tim Draycott, UK Challenges with guidance implementations-UK and global perspective Dr Uma Ram, India National maternity & perinatal audit: state of the nation report Mr George Dunn, UK Panel discussion / Q&A	Fascia lata versus mesh biomechanics - new frontiers in urogynaecology Professor Anna Rosamilia, Australia Management of resistant UTIs Professor Jennifer Rohn, UK Establishing new services in urogynaecology - update on mesh Speaker TBC Robotic surgery in urogynaecology and pelvic floor repair consensus Speaker TBC	Empowering choices: The importance of informed consent in women's health Speaker TBC The power of words: Language in women's health Mrs Emma Crookes, UK Session details TBC Panel discussions / Q&A	Driving change: RCOG's role in sustainable practice Speaker TBC Panel discussion: We need to adapt: Climate change and women's health and reproductive rights Speakers TBC Panel discussion: Do no harm: our role as healthcare providers Speakers TBC	The importance of equality, diversity and inclusion throughout women's health research Speaker TBC Research Integrity in women's health? Speaker TBC How to get published and funded? Dr Sherif Abdel-Fattah, UK Panel discussion / Q&A
11:00	Morning coffee/tea break including exhibition, poster viewing, mini theatre poster presentations, sponsored mini theatre						

	STREAM 36 British Intrapartum Care Society (BICS)	STREAM 37 Maternity medicine - MOMS	STREAM 38 Workforce	STREAM 39 MEaCC - maternity enhanced critical care database	STREAM 40 Doctors in training 2	STREAM 41 Faculty of Sexual and Reproductive Healthcare (FSRH)	STREAM 42 Third trimester ultrasound
11:30	<p>Escalation in postpartum Hemorrhage - Findings from Obs UK Speaker TBC</p> <p>Changing Landscapes - worldwide increases in IOL and caesarean rates, personalisation and choice - what does childbirth look like in 2025 Speaker TBC</p> <p>Improving Communication in obstetric theatres - The SuPPORT project Speaker TBC</p>	<p>Challenging birth assumptions for women with complex medical problems Miss Mandish Dhanjal, UK</p> <p>Difficult decisions when managing thrombosis in pregnancy Speaker TBC</p> <p>How to manage pregnancy when cancer is diagnosed Professor Fionnuala McAuliffe, Ireland</p>	<p>Civility in the Workplace Matters Speaker TBC</p> <p>Racial equality in the workplace Speaker TBC</p> <p>Prevention of work-related Management of PTS symptoms in the maternity and gynaecology workforce Dr Laura Goodfellow, UK</p> <p>Panel discussion / Q&A</p>	<p>Lessons from the management of serious illness in pregnant and recently-pregnant people - the MEaCC project Dr Brian Wilkinson, UK and Dr Dr Shireen Hickey, UK</p> <p>How can enhanced maternity care be delivered equitably when serious illness occurs? Dr Brian Wilkinson, UK</p> <p>Panel discussion / Q&A</p>	<p>Defining global women's health Speaker TBC</p> <p>Global advocacy in action: partnering with the UN and WHO for women's health Speaker TBC</p> <p>Cross-border learning: enhancing European trainee engagement in global health Speaker TBC</p> <p>Expanding training horizons: a proposal for global health fellowships Speaker TBC</p> <p>Panel discussion / Q&A</p>	<p>A case for strengthening education & training in postnatal contraception Dr Maryam Nasri</p> <p>Strengthening access: A case for transforming postnatal contraception care policy Speaker TBC</p> <p>Panel discussion / Q&A</p>	<p>Third-trimester ultrasound is not just a growth scan Speaker TBC</p> <p>Anomalies detected in the third trimester: management and counselling Speaker TBC</p> <p>Can Third-trimester ultrasound improve perinatal mortality and morbidity? Speaker TBC</p> <p>Panel Discussion / Q&A</p>
12:30	<p>Panel discussion / Q&A</p>						
Lunch including exhibition, poster viewing, mini theatre poster presentations, sponsored mini theatre and sponsored symposiums							

	STREAM 43 Fetal medicine	STREAM 44 British Gynaecological Cancer Society (BGCS)	STREAM 45 Education	STREAM 46 Obstetric investigations	STREAM 47 Institute of Psychosexual Medicine (IPM)	STREAM 48 British Association for Sexual Health and HIV (BASHH)	STREAM 49 Celebrating RCOG Honorary Fellows
14:30	<p>Evolution of fetal MRI: from assessment of structure to function Dr Lisa Story, UK</p> <p>Fetal renal agenesis and genital tract abnormalities in female fetuses Dr Srividhya Sankaran, UK</p> <p>Implementation of APSRE screening in the NHS – logistics and economics - a 3 year story Mr Ramesh Ganapathy, UK</p> <p>Panel discussion / Q&A</p>	<p>Making the gynaecology oncology surgeon unemployed: Harnessing our “omic” knowledge Speaker TBC</p> <p>Will artificial intelligence replace the MDT? Speaker TBC</p> <p>Cervical Cancer post LACC – the way forward Speaker TBC</p> <p>Panel discussion / Q&A</p>	<p>Session details TBC</p>	<p>Innovations within the MNSI programme Speaker TBC</p> <p>A practical guide to making system focused safety recommendations – how to move the ‘finger of blame’ from individual clinicians back to the system Ms Jenny O'Donnell, UK</p> <p>The Japanese perspective on maternity safety learning Speaker TBC</p> <p>Panel discussion / Q&A</p>	<p>When sex is impossible: primary non-consummation presenting in young people Speaker TBC</p> <p>When teenagers give birth: psychosexual problems before and after childbirth Speaker TBC</p> <p>Obstetric difficulties for young people following FGM, a psychosexual perspective Speaker TBC</p> <p>Panel discussion / Q&A</p>	<p>Session details TBC</p>	<p>Vaccination in pregnancy – current evidence Speaker TBC</p> <p>The Femtech revolution – New technologies and global women’s health – The FIGO Initiative Professor Moshe Hod, Israel</p> <p>Cultural barriers, stigma, and limited access to healthcare Dr Amanda Noovao Hill, New Zealand</p> <p>The art of mentoring Speaker TBC</p> <p>Panel discussion / Q&A</p>
16:00	Movement between rooms						
16:15	<p>Plenary 8</p> <p>Targeting the invisible: Next generation therapeutics in solid tumours Professor Ahmed Ahmed, UK</p>						
16:45	Congress medal: top abstracts presentations x 3						
17:30	Prize giving and awards ceremony						
17:45	Concluding remarks and close of Congress						

Break/lunch	Plenary Session	Stream Session	Oral Abstract Presentation
